Bariatric Leg Elevating Wedge

Item #6004HB - Recovery 5 (Incontinent) Cover
Item #6005HB - Blue Poly/Cotton Cover
Size: 9"H x 21"W x 30"D

Designed for bariatric patients that need lower extremity elevation to help relieve painful swollen legs and feet while reducing strain on the lower back. Ideal for use in bed or on the floor. Available in an incontinent, stretchy, anti-microbial cover or in a blue poly/cotton cover.

Bariatric Wedge

Item #6043
Size: 12"H x 29"W x 25"D

Ideal for the bariatric client that requires side support and trunk stabilization. The bariatric wedge helps promote proper posture and body positioning. This bariatric wedge helps keep shoulders and hips properly aligned for greater comfort and support. Manufactured from high density foam and comes with a blue Poly/Cotton Cover.

Bariatric Vita Roll

Item #6274
Size: 6.5" x 24"

The Bariatric Vita Roll is made from high density foam which provides maximum support in the lumbar region by properly aligning the lower back and spine. Proper seating posture reduces strain and fatigue. Comes with an elastic back strap making it easy to attach to any chair and is covered with a blue Poly/Cotton Cover

Bariatric Cushion

Item #2440
Size: 3.75" x 18" x 20"

Multi-layered high quality foam cushion provides maximum support and comfort while providing even pressure distribution. Covered with our premium Recovery 5 incontinent, 5-way stretch, anti-microbial wipeable cover with a non-slip base makes this an ideal cushion to place in your wheelchair or chair at home.

Bariatric UltraForm

Item #2450
Size: 3.75" x 18" x 20"

Unique multi-layered lightweight design offers superior comfort and support for the bariatric client while offering ideal leg positioning and even pressure distribution. Covered with our premium Recovery 5 incontinent, 5-way stretch, anti-microbial wipeable cover with a non-slip base.

Premium Bariatric Cushion (with Sunmate)

Item #2442
Size: 3.75" x 18" x 20"

Multi-layered high density memory foam cushion made with a combination of Sunmate foam layers provides ultimate comfort for the bariatric patient while providing even pressure distribution. Covered with our premium Recovery 5 incontinent, 5-way stretch, anti-microbial wipeable cover and a non-slip base makes this an ideal cushion to place in your wheelchair or chair at home.

B400 / B700 Bariatric Mattresses

Item #B400-36, B700-39
Sizes: B400 = 7" x 36" x 80" / B700 = 7" x 39" x 80"

Specifically designed to provide the Bariatric patient with superior comfort, support and durability. The tri-layer design of highly resilient, high density foams in combination with the top layer of Visco "Memory Foam" offers added comfort. The B400 and B700 mattresses have reinforced transfer edges for ease of patient transferring and completion of bedside ADL's. The Vita B400 and B700 Bariatric Mattresses each come complete with a deluxe removable Recovery 5 cover that is: incontinent, 5-way stretchable and anti-microbial.

Weight Capacity: B400 = 400 lbs maximum, B700 = 700 lbs maximum.
