Cover Option: MRSA Resistant Platinum Fabric

Specially treated Platinum MR fabric utilizes a powerful antimicrobial agent able to fight the most aggressive bacteria and fungi (MRSA) to restrict the growth of the MRSA strains. Stretchy incontinent fabric reduces skin shear and friction. Odor is controlled by preventing bacterial and fungal growth.

NOTE: To order your **V4 RE-ACT39** and accessories with MR Platinum Fabric use the MR product item numbers listed below and in the far right column.
